

# Renewable Energy Conference

June 27 - 28, 2017 • Marist College, Poughkeepsie

## Scott Niemann, Ph.D. ESAI Power LLC

---

Scott Niemann is an economist with extensive experience in the design, policy, and analysis of energy markets. He has advised clients on a broad range of commercial and policy related issues in energy markets and network industries. Much of his recent work has focused on wholesale power markets, addressing market design, LMP pricing, financial transmission rights, resource adequacy markets, seams issues, and market power. Dr. Niemann has conducted numerous market studies addressing financial performance of electric generating assets, benefits of potential electric generation, transmission, and gas infrastructure upgrades, valuation of financial transmission rights, market power concerns, and economic damages. He has been retained as a market expert by a broad range of clients, including utilities, merchant power providers, investors, and trading organizations. He has provided expert testimony in proceedings before the Federal Energy Regulatory Commission and several state commissions.

Prior to joining ESAI, Dr. Niemann was a Vice President in the Energy Practice of Charles River Associates, where he worked from 2001 through 2012. From 1998 until 2001, he was a Principal Consultant at PA Consulting (and predecessor companies, PHB Hagler Bailly, and Putnam, Hayes, and Bartlett), where he conducted economic analyses in the environmental, energy, and commercial litigation practice areas. Dr. Niemann received his Ph.D. & M.S. in Economics from the University of Wisconsin and a B.A. in Mathematics, Political Science and Economics from the University of Kansas.
