2024 RENEWABLE ENERGY CONFERENCE

June 24 – 25 | Pace University Westchester Campus | Pleasantville, NY

Join us at the forefront of the renewable energy landscape! The Renewable Conference is the premier conference on the East Coast, bringing together industry leaders, policymakers, and innovators to explore the impact of policy changes on the competitive bulk electric marketplace. Discover how these changes influence the use, development, and pricing of renewable sources of supply.

OBJECTIVES

- Expert Insights, Knowledge, and Strategies
- Networking Opportunities
- Interactive discussions, case studies, and real-world examples
- Industry Outlooks on Regulation Issues
- CLCPA Impacts on Business
- Discuss Key Legislative Issues for 2024
